It gives me immense pleasure to welcome the Chief Guest of the day Prof. T. Dharmaraj, Controller of Examinations (i/c), Madurai Kamaraj University and Mr. M, Pandian, President of our own Endapuli Panchayath, who is our guest of honour today.

I take this opportunity to greet and welcome our dear parents, alumni members, media persons and all our friends and well-wishers.

As we celebrate the 12th Annual day of Mary Matha College it is my pleasant duty and privilege to present this Annual report before you. In the annual Report we look back in order to look ahead. We try to learn to serve better. We thank Almighty God for His kind and ever loving providence.

It's wonderful to see such an amazing gathering. Today we all have gathered here for the 12th Annual Day celebration of Mary Matha College, which enumerates the labour of love, activities and achievements of the College during this academic year in which we have seen an upward trend in the number of students, reaching nearly two thousand. It is a joy to see more and more making Mary Matha as their first-choice.

We are always committed in promoting the formation and implementation of progressive education with a blend of teaching and learning techniques in the light of our Mission and Vision.

CMI Legacy of Education

CMI Congregation, the first indigenous Religious Congregation in India, aims at the integral

development of the local community irrespective of cast and creed. Education was given a major thrust right from the inception of the Congregation. The people generously cooperated to the establishment of monasteries and educational institutions.

St. Kuriakose Elias Chavara was the instrument of God who started the first Catholic Sanskrit School in 1846, and in establishing Schools attached to Monasteries and Parish Churches. He admitted students belonging to all sections of society, including the Dalit. It paved the way for a social revolution at a time when untouchability was at its peak. St. Kuriakose emphasized that all human beings had an inalienable right to education. He attached great importance to the formation of children in their homes.

The CMI Congregation has about 3000 members including 10 bishops, 1840 priests, and 1200 brothers in formation. More than half of the priests are serving outside Kerala, doing pastoral services in 31 countries around the world.

CMI educational endeavours aim at forming leaders who are intellectually competent, spiritually mature, morally upright, psychologically integrated, physically healthy and socially acceptable; who will champion the cause of justice, love, truth and peace and are ever open to further growth.

Mary Matha College shares the CMI vision of education and we aim at the holistic development of the students with the Motto: “Committed to Excellence”.

The secret of the success of our educational institutions is a community of teachers who are committed to their vocation, professionally competent, morally upright, just and humane in dealings, and who grow in the holistic vision of education.

MILES STONES IN THE PATH OF EXCELLENCE

Since its inception in 1994, the college in its quest for excellence has been constantly reinventing itself to promote excellent standards in quality education. The significant mile stones include attainment of MKU permanent affiliation to the then existing UG Courses in 2001-2002, on 28th April 2009, Fr. Issac P.J CMI assumed office as the Principal of JC College, marking the beginning of the CMI Management of the College. The process of changing the name of the College from JC College to Mary Matha College was completed in the academic year 2012-2013 with the consent of the Director of Collegiate Education, Chennai and the affiliating Madurai Kamaraj University.

In 2015 Mary Matha College obtained ISO Certification and later we received ISO 9001: 2015. Our

College has been registered as a Life Member of Xavier Board of Higher Education in 2015. The present student strength is 1994. There are about 60 Teaching staff and 11 Non-teaching staff. We thank the Almighty for His ever loving providence.

Adding Feather to the Cap of Mary Matha

Social Awareness and Extension Activities

Our College has adopted 5 villages around our College (Keelavadagarai, D. Vadipatti, Silvarpatti, Melmangalam, Jayamangalam) under UBA (Unnat bharat abhiyan) and we are helping theses villages in making awareness, drafting development plan, providing technology, sharing resources and Knowledge towards the development of these villages. Due to COVID 19 pandemic we were restricted in our extension activities in this year.

Our College is devoted to promotion of teaching, research and extension, including volunteer action, training and documentation in the overall development of human life.

Mary Matha College in Response to COVID 19 Pandemic

COVID 19 brought innumerable miseries to all the sections in the society. During the initial months as a helping hand we distributed Rice, Vegetables and essential commodities to the most deserving families in the Silvarpatti village in collaboration with the Silvarpatty, Panchayath, We printed 5000 face masks and distributed to the villages around and gave awareness about COVID 19 SOP. One day Online training program on "Psychosocial Care during COVID 19" for faculty members and students was organized on 21.07.2020 in Zoom Platform in collaboration with MKU and M. S. Chellamuthu Trust and Research Foundation. Presidential Address was delivered by Prof. Dr. M. Krishnan, Honorable Vice Chancellor of MKU.

Theni District Administration requested our boys' hostel and College for accommodating COVID 19 patients. First it was started as a quarantine center and then as a Siddha COVID care center for more than 3 months till August 2020. More than 300 COVID positive patients were successfully treated here. All the rooms in the hostel and some of the class rooms in the College were exclusively used for the purpose. We appreciate the understanding of the students and faculty when their own rooms were given out even losing their luggage and valuable items. The College had to suffer a lot since it was the admission time and many were afraid to come to the campus. We restricted ourselves to online admission.

Indomitable spirits

We often use sports as a metaphor for life. Sports build good habits, confidence, and discipline. They make players into community leaders and teach them how to strive for a goal, handle mistakes, and cherish growth opportunities. Sports teach you character, to play by the rules, to know what it feels like to win and lose about life. You can experience the fun of competition and driving towards a common goal without pushing the bond in some major way with each individual on the project.

Scholarships

We provide scholarships to the students who are poor in economic status & who secure good marks in University Exams.

All facilities are provided for the students to apply for the scholarships rendered by Govt. and other agencies. For the year 2020-2021 a total of 854 students got benefitted from various scholarships which includes 223 students from ST-ST Scholarship, 32 students from Post Metric Scholarship Schemes for Minorities and 599 students from CMI scholarship. College has spent a total of 2485000 rupees to provide scholarships under St. Chavara (CMI) Scholarship scheme.

Developing into enterprising individuals

Clubs and Associations

To kindle the hidden skills in co-scholastic areas, the college encourages students to take part in various structured and unstructured activities: one such opportunity is the club activities regularly conducted in the College premises.

Our College has various clubs and associations such as Science Club, Commerce Club, Management Club, English Literary Association, “SKYLINE MATH” Club, and “TACHYONS” Club for Physics, “FUZZY BYTE” Club for Computer Science, VISUAL MEDIA CLUB and SIKARAM TAMIL. Unfortunately we couldn’t function to our expectations this year because of the Covid19 pandemic situation.

Student support services

NSS, YRC, RRC, Women Empowerment Cell, Citizen Consumer Club, Visual Media Club, Anti-Ragging Cell etc. play a vital role in the holistic development of the students. Under the banner of

these services, competitions, extracurricular activities and blood donation camps, etc used to be organized every year. Smooth and normal functioning of all these organizations were also affected by Covid19.

Anti- Ragging Cell

The College Anti Ragging cell is very active and the periodical reports are sent to the honorable District Collector, Theni and Director and Regional Joint Director of Collegiate Education. The Pamphlets with instructions on anti-ragging and undertaking were distributed to create awareness among the students and parents. A complaint box is placed in the college campus.

We are proud to say that our college is 100 % percent ragging free.

Each year, we invite and host companies on campus to hold recruitments for our students, and in spite of the job market looking bleak this time round, we encouraged our final year students to register online for various companies.

Dr. S. Joseph Xavier is the coordinator of Career Guidance Cell.

The Placement Cell conducts many programs and activities in the college to enhance the employability skill of our students:

Rubicon's "Connect with Work" Program, supported by Barclays aims at improving the employability skills of the youth. This initiative is supported by Barclays.
