It's wonderful to see such an amazing gathering. Today we all have gathered here for the Annual Day celebration of Mary Matha College, which enumerates the labour of love, activities and achievements of the College during this academic year. It is a joy to see more and more making Mary Matha as their first-choice for higher education.

We are always committed in promoting the formation and implementation of progressive education with a blend of teaching and learning techniques in the light of our Mission and Vision.

CMI Legacy of Education

We, the Carmelites of Mary Immaculate, following the example of our Founder Saint Kuriakose Elias Chavara, consider education as an integral part of the human development for the fulfilment of one's individual and social responsibilities.

Our educational endeavors aim at forming leaders who are intellectually competent, spiritually mature, morally upright, psychologically integrated, physically healthy, socially acceptable and God loving, who will champion the cause of justice, love, truth and peace and who are ever open to further growth.

The secret of the success of our educational institutions is a community of teachers who are committed to their vocation, professionally competent, morally upright, just and humane in dealings, and who grow in the holistic vision of education.

Our Institutions are open to all students irrespective of their caste and creed; they are accepted and cherished as they are; and helped to grow in their cultural, social and religious traditions.

Our institutions have to be open to society at large by making their re- sources available for the ongoing education and non-formal teaching. For the realization of these C.M.I. aims of education, we expect teachers, students and parents to share the vision and co-operate with us whole- heartedly.

Milestones in the Path of Excellence

Since its inception in 1994, the college in its quest for excellence has been constantly reinventing itself to promote excellent standards in quality education. The significant mile stones include attainment of MKU permanent affiliation to the then existing UG Courses in 2001-2002, on 28th April 2009,
