Faculty Participation in Conferences / Seminars/ Workshops

"If the people remember me as a good teacher, that will be the biggest honours for me,"

- Dr Abdul Kalam

As professionals in their field, faculty members can be expected to process and evaluate new knowledge relevant for their core professional practice and to regularly update their knowledge base to improve their practice and to meet new teaching demands. Hence the college provides opportunities for faculty by deputing them to conferences and seminars organized outside.

Many of our Faculty members utilized the chance to enhance their knowledge and skills by participating in conferences and seminars.

Hearty Congratulations to each one of them for attending and presenting papers in National and International Conferences, Seminars or Workshops. (Projected on screen)
