## PROJECTS AND INTERNSHIPS

### *“Hereditary In Fingerprints and Pattern Similarity Among Family Members”*

A study was carried out under a final year dissertation to analyze the hereditary fingerprint patterns among the family members of the first generation. The study results revealed a major research gap in exploring hereditary fingerprint patterns of more families to reach the final result.

**STATE FORENSIC SCIENCE LABORATORY** (QD, Chemistry, DNA Division)  
Trivandrum, Kerala

Three-month internship provided hands-on experience in VSC, TLC, and PCR. The internship offered a chance to work on actual cases within the document examination, DNA analysis, and chemistry divisions.

**ANDHRA PRADESH FORENSIC SCIENCE LABORATORY (DNA Division)**  
Mangalagiri, Andhra Pradesh

A month-long internship provided valuable insights into the processes of gathering, conserving, extracting, and examining biological evidence.
